

Test Product	Trial content	Indications	Category	Progress
<b>Protein / Polypeptide</b>				
Comparison of Pharmacokinetics and Pharmacodynamics of G-CSF in animals and Anti-G-CSF Antibody investigation	Pre-clinical and clinical	Granulocytopenia	10	Into the market
Comparative Pharmacokinetics of Recombinant Human Interferon $\alpha$ 1b	Pre-clinical and clinical	Anti-virus	9	Into the market
IL-1 Receptor Antagonist	Pre-clinical	Transplant rejection	1	Clinical trial
Phase I Clinical Pharmacokinetics of CPT	Pre-clinical	Malignant tumor	1	Clinical trial
Pharmacokinetics of Lymphotoxin (LT)	Pre-clinical and clinical	Malignant tumor	1	Clinical trial
Pharmacokinetics Study of DNAK in Animals	Pre-clinical	Brain degeneration	1	Pre-clinical research
Pharmacokinetics Study of HRF in Animals	Pre-clinical	Hepatic necrosis	1	Applying for Clinical approval
Pharmacokinetics Study of Recombinant Human Ciliary Neurotrophic Factor in Animals	Pre-clinical	Bariatrics	9	Applying for Clinical approval
Pharmacokinetics Study of rh-TRAIL in Animals	Pre-clinical and clinical	Malignant tumor	1	Applying for Clinical approval
Pharmacokinetics Study of a Novel rhEPO mutant	Pre-clinical	Anemia	1	Applying for Clinical approval
Pharmacokinetics Study of Recombinant hirudin mutant	Pre-clinical	Thromboembolic diseases	9	Applying for Clinical approval
Pharmacokinetics Study of Recombinant Hepatopietin (HOP)	Pre-clinical	Hepatic injury	1	Applying for Clinical approval
Preclinical Pharmacokinetics Studies on IL-12	Pre-clinical	Malignant tumor	1	Applying for Clinical approval
<b>Therapeutic Small Peptides</b>				
Pharmacokinetics study of ILrGLR-1(7-36) in Animals	Pre-clinical	Diabetes mellitus	1	Clinical trial
Pharmacokinetics study of Huwentoxin-1(HWTX-1)	Pre-clinical and clinical	severe pain caused by tumor	1	Clinical trial
Pharmacokinetics Study of Sifuvirtide	Pre-clinical and clinical	AIDS	1	Clinical trial
Pharmacokinetics Study of HVBR-003 in Animals	Pre-clinical and clinical	Diabetes mellitus	1	Applying for Clinical approval
Pharmacokinetics and tissue distribution of SS-Tetrapeptides in Animals	Pre-clinical	Reperfusion injury	1	Applying for Clinical approval
Pharmacokinetics Study of Anti-HCV Immune peptide in Animals	Pre-clinical	HCV	1	Applying for Clinical approval
Pharmacokinetics Study of Tyraneltide	Pre-clinical	Diabetes mellitus	1	Applying for Clinical approval
<b>Modifier Protein and fusion protein</b>				
Pharmacokinetics Study of rh-TNFR:Fc	Pre-clinical and clinical	Rheumatoid arthritis	7	Into the market
Pharmacokinetics Study of Pegylated G-CSF in Animals	Pre-clinical	Granulocytopenia	1	Clinical trial
Pharmacokinetics Study of Pegylated thymosin $\alpha$ 1 (PEG-TA1) in Animals	Pre-clinical and clinical	Hepatitis B	1	Clinical trial
Pharmacokinetics Study of PEX-168	Pre-clinical and clinical	Diabetes mellitus	1	Clinical trial
Pharmacokinetics Study of Pegylated Recombinant Consensus Interferon Mutant (PEG-NIFN) in Animals	Pre-clinical	Virus Infectious Diseases	1	Pre-clinical research
Pharmacokinetics and Pharmacodynamics of Pegylated EPO in Animals	Pre-clinical	Renal Anemia	1	Pre-clinical research
Pharmacokinetics Study of PEG-IFN $\alpha$ -1b in Animals	Pre-clinical	Virus Infectious Diseases	1	Applying for Clinical approval
Pharmacokinetics Study of Anti-Tumor Fusion Protein SM-FL in Animals	Pre-clinical	Malignant tumor	1	Applying for Clinical approval
<b>Hormonal drugs</b>				
Pharmacokinetics Study of Recombinant Human Parathyroid Hormone [rh-PTH(1-84)]	Pre-clinical	Osteoporosis	7	Clinical trial
Pharmacokinetics Study of Recombinant Human Parathyroid Hormone [rh-PTH(1-34)]	Pre-clinical	Osteoporosis	7	Clinical trial
Comparative Pharmacokinetics Study of Recombinant SomatroPin (rhGH)	Pre-clinical	Dwarfism	1	Clinical trial
Pharmacokinetics and Pharmacodynamics Study of Insulin Nanoparticles	Pre-clinical	Diabetes mellitus	1	Clinical trial
<b>Therapeutic enzyme</b>				
Phase I Clinical Pharmacokinetics Study of Pegaspargase (PEG-ASNase) Injection	clinical	Malignant tumor	7	Into the market
Pharmacokinetics Study of Recombinant Lysozyme in Animals	Pre-clinical	Bacterial infection	1	Clinical research
Pharmacokinetics Study of Recombinant Urate Oxidase in Animals	Pre-clinical	arthrolithiasis	1	Clinical trial
Pharmacokinetics Study of Recombinant Batroxobin (rBTA) in Animals	Pre-clinical	Hemorrhagic disease	1	Clinical trial
Clinical Pharmacokinetics Study of Recombinant Human Pro-urokinase (rhv-PA)	Pre-clinical	Thromboembolic diseases	1	Clinical trial
Pharmacokinetics Study of Human Kallikrein-1 in Animals	Pre-clinical	Thromboembolic diseases	1	Clinical trial
Pharmacokinetics Study of Recombinant Staphylokinase	Pre-clinical	Thromboembolic diseases	1	Clinical trial
Pharmacokinetics Study of Tissue-type Plasminogen Activator	Pre-clinical	Thromboembolic diseases	1	Pre-clinical research
<b>Gene therapy</b>				
Biodistribution of an anti-HBV DNA Vaccine (HBVDNA plasmid) in mice	Pre-clinical	HBV	3	Clinical research
Impact of Base Composition of Antineoplastic PS-ODS on its Pharmacokinetics property	Pre-clinical	Malignant tumor	1	Pre-clinical research
Tissue Distribution of Targeted HBV siRNA	Pre-clinical	HBV	1	Pre-clinical research
Investigation of Biodistribution and Genome Integration of HIV-PV Vaccine in Mice	Pre-clinical	AIDS	3	Applying for Clinical approval
Pharmacokinetics of Targeted Bcl-2mRNA Antisense Oligonucleotides	Pre-clinical	Malignant tumor	1	Applying for Clinical approval
<b>Therapeutic antibodies</b>				
Pharmacokinetics of HBIG Administered by Intravenous Injection	Pre-clinical	Hepatitis B	5	Into the market
Pharmacokinetics of Recombinant Anti-human-CD20 Mouse/human Chimeric Monoclonal Antibody	Pre-clinical and clinical	Malignant tumor	2	Clinical trial
Pharmacokinetics Study of anti-EGF Antibody	Pre-clinical	Malignant tumor	2	Clinical trial
Pharmacokinetics Study of 131I-CEA Antibody	Pre-clinical	Malignant tumor	2	Clinical trial
Pharmacokinetics Study of anti-IgE Antibody	Pre-clinical	Allergic disorder	2	Clinical trial
Preclinical Study of anti-Human Adenovirus Immunoglobulin injection	Pre-clinical	Respiratory infections	5	Pre-clinical research
Preclinical Study of Human Respiratory Syncytial Immunoglobulin Injection	Pre-clinical	Respiratory infections	5	Pre-clinical research
Pharmacokinetics Study of Anti-TNF $\alpha$ Antibody	Pre-clinical	Rheumatoid arthritis	2	Pre-clinical research
Pharmacokinetics of Recombinant anti-human-CD11 Mouse/human Chimeric Monoclonal Antibody in Animals	Pre-clinical	Psoriasis	2	Pre-clinical research

Pharmacokinetics of Recombinant Humanized Anti-CD20 Monoclonal Antibody in Animals  
 Pharmacokinetics of Recombinant anti-human-CD25 Mouse/human Chimeric Monoclonal Antibody in Animals  
 Pharmacokinetics of Recombinant anti-human-HER2 Mouse/human Chimeric Monoclonal Antibody in Animals  
 Pharmacokinetics of Recombinant anti-human VEGF Mouse/human Chimeric Monoclonal Antibody in Animals

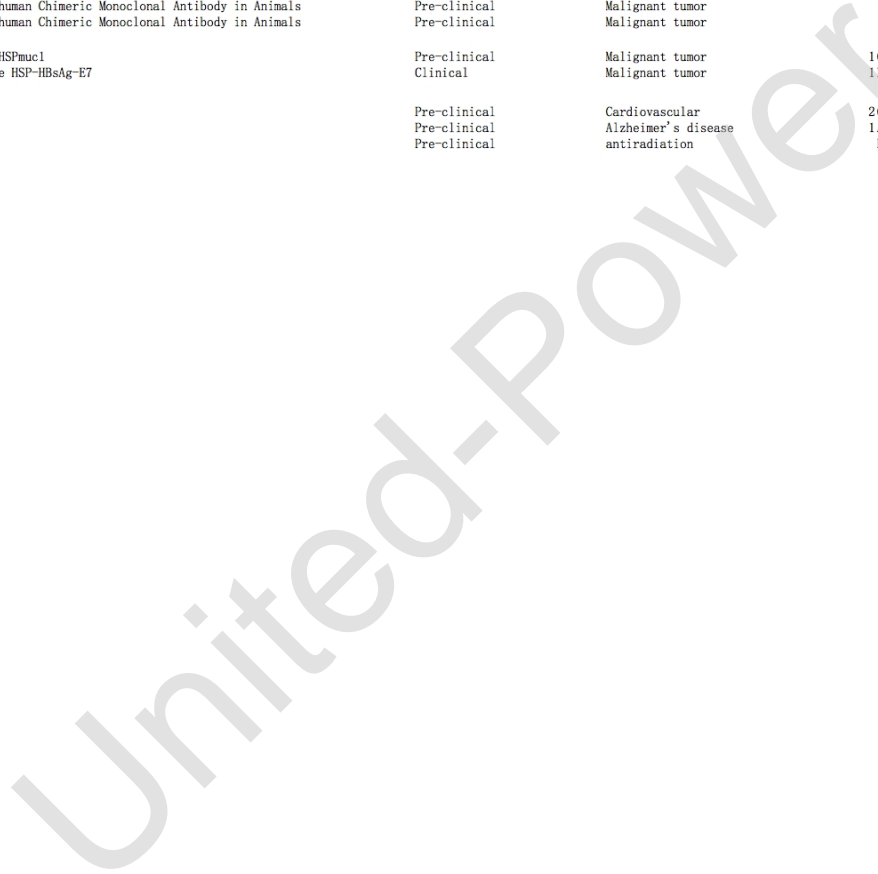

**Therapeutic Vaccine**

Pharmacokinetics of Breast Cancer Therapeutic Vaccine HSPmucl  
 Pharmacokinetics of a Cervix Cancer therapeutic Vaccine HSP-HBsAg-E7

**Small Molecule Compound**

Pharmacokinetics of 9714 in Animals  
 Pharmacokinetics of Puerarin Phytosomes in Animals  
 pharmacokinetics study of 9803

Pre-clinical and clinical	Malignant tumor	2Applying for Clinical approval
Pre-clinical	Transplant rejection	2antiradiation
Pre-clinical	Malignant tumor	
Pre-clinical	Malignant tumor	
Pre-clinical	Malignant tumor	1Clinical trial
Clinical	Malignant tumor	1Pre-clinical research
Pre-clinical	Cardiovascular	2Clinical trial
Pre-clinical	Alzheimer's disease	1Applying for Clinical approval
Pre-clinical	antiradiation	Drug development
